

Installation

VK/03242

SINCE 1978

LEADING LIGHT

ATTENTION: For this operation you have to cut off the power!

Use as directed
This product serves exclusively lighting purposes and may:

- not be exposed to strong mechanical loads or to strong contamination.
- only be installed and operated after a condition inspection if the product is dirty or has been moistened through storage. If these points named above are not adhered to, a short circuit or electrical shock may occur!

Attention: Use only parts, which belong to the product! Otherwise the product or the installation might not be sufficiently safe. Switch off the power of the mains supply line or respectively of the connection lead before doing any works.

Information for the user
Operate the product only if it is working correctly. Switch off the product with a malfunction immediately and operate it again only after examination by an electrical specialist.

- Do not fasten or hang anything on the product!
- Provide free air circulation - cover nothing!
- Do not hang anything on the product, especially no decoration and no electrically conducting objects.
- Replace damaged protection glasses immediately.
- Never let children play unsupervised with electric products! Children can not always estimate dangers in dealing with electric energy correctly.
